

From pillows and cushions to drapes and furniture covers, Easy Way Products' custom monogramming services give your products a unique feel by allowing your customers to personalize their items.

### IN-LINE MONOGRAMMING

Many monogramming services start with in-stock inventory—the product is pulled from a warehouse, monogrammed, repackaged and shipped, adding time, cost and complexity to the process. Easy Way's monogramming is done in line, with no additional lead time. Our production process is streamlined—we receive your order, monogram it during fabrication, and ship it. And, we can monogram almost every product we offer.

### FONTS

Choose from countless typefaces and a range of styles to get exactly the look you want:

- Options ranging from 2 letters to 2 lines of 15 characters each, depending on the font
- Character height is determined based on finished product size
- Durable UV- and fade-resistant thread is available in numerous colors

### DESIGN ASSISTANCE

Our expert designers are available every step of the way to ensure a unique, beautiful and marketable end product. We can:

- Coordinate thread and fabric color palettes
- Assist with decisions regarding font styles, number of characters, sizing and scale
- Design custom embroidery icon images

Give your products a unique feel by allowing your customers to personalize their items.
