

## INDOOR & OUTDOOR DRAPERY

Whether they are used to add privacy, filter light or simply to separate spaces, Easy Way's draperies and window treatments add style to any indoor or outdoor decor.

### DESIGN ASSISTANCE

Quality and creativity are always at the forefront of Easy Way's development process. Our experienced and knowledgeable Product Designers will work with you to create the perfect drapery solution for your needs.

### FABRICS & STYLES

Choose from countless fabric and style options to create a look that complements your product lines:

- Weather-resistant Sunbrella® fabrics for outdoor use
- Velvet, silk, linen and more for indoor use
- Custom sizes as well as standard retail widths (50") and lengths (84", 96", 108", 120") available
- Heading options include weather-treated grommets, rod/hidden rod pocket, tab top and French pleat
- Add fringe or other trim options for a more custom look

### QUALITY CONSTRUCTION

The quality of our draperies can be seen in every element of their construction:

- The most appropriate thread size ensures a clean, smooth finish
- The proper stitches per inch count based on fabric choice imparts seam strength
- Length tolerance of a tight ¼" minimizes changes as draperies stretch
- Linings improve the look and life of indoor window coverings
- Buckram adds structure to the upper hem of pleated draperies

Adding drapes to your products gives consumers more choice when designing their indoor & outdoor spaces.

***Easy Way Products is the premier provider of lifestyle furnishings for the retail market. From cushions and pillows to table runners and drapes, we work with you to create unique and beautiful designs to complement your furniture lines.***
